## Project Description

According to bank provided information, the Project consists in the establishment of the IFRIA cold chain platform which will pursue a mix of acquisitions and greenfield assets in the 3rd party temperature-controlled logistics sector across North and West Africa. The 1st round of IFRIA pipeline will consist of (i) two brownfield ventures in Morocco: the acquisition of one bonded facility in the port of Tangier Med and of one other existing TCL operator in the Casablanca area and (ii) three greenfield ventures: one in Agadir (Morocco) and two in Senegal: one bonded facility at the port of Dakar and another at an industrial park some distance from Dakar.

## Investment Description

- International Finance Corporation (IFC)

As stated by the IFC, the total costs to finance the 1st round of investments of the IFRIA cold chain platform is estimated to be equivalent to US\$72.9 million, of which about \$46m will be injected as equity with the rest being sourced as debt from institutions and funds. IFC is expected to invest a 25% stake to support the development of the IFRIA cold chain platform. The Project is expected to be supported by the Finland-IFC Blended Finance for Climate Program as described in the Blended Finance Section.
