Private Actors Description

Jubaili Holding for Investment SAL and its subsidiaries ("Jubaili Agrotec" or the "Group", <http://www.jubailiagrotec.com/>) is a leading importer, formulator/manufacturer and distributor of agrochemicals in Africa, including over 130 crop protection products (CPPs), to farmers, retailers, and other value chain players. The product portfolio includes crop protection products (i.e., insecticide, herbicide, fungicide), animal feed, veterinary drugs, fertilizer and sprayers and seeds. It reaches over 50,000 farmers and has c. 40 warehouses and over 100 retail depots.

Jubaili business was originally founded in Lebanon in 1944. The Jubaili Agrotec Group branched out their operations into Africa from the family's Lebanese business and established in Nigeria in 2002 with distribution operation and started manufacturing operations at two facilities in 2019 – in Ibadan and Kano in the manufacturing of CPPs and veterinary drugs. Both facilities are operated by a subsidiary – Global Alliance for Chemical Industry Limited (GACI) Nigeria and are semi-automated. The Ibadan facility is involved in formulation and filling of CPPs (i.e., Glyphosate and Paraquat) while the Kano facility is mainly focusing on equipment assembly (CPP sprayer). The Group imports the pesticides, inputs raw materials (i.e. active ingredient), resins; and locally purchases packaging materials like high density polyethylene (HDPE) for polyethylene terephthalate (PET) production.

The Group has expanded its geographical footprint for the distribution and sale of its products in Ghana (2014), Uganda (2015), Tanzania (2016) and Kenya (2017). As of September 2021, the Group employs over 2,300 workers in five operating countries. The Group has separate subsidiaries for distribution, formulation / manufacturing and procurement in various countries.
