Project Description

According to IFC, the proposed project comprises of an up to INR 2.8 billion (approximately US\$35 million) investment in Home First Finance Company Limited (Ltd) (Home First, the Company) through up to 7-year debt. The proceeds will be utilized to provide financing for retail buyers of affordable housing and green affordable housing units. The Project is expected to provide counter cyclical support for the housing needs of lower income groups, who have been severely impacted by the disruptions caused by the Covid-19 pandemic, as well as support green affordable housing, which is still underdeveloped in India, particularly in the affordable segment. Subject to internal approvals, the Project may receive support from the Market Accelerator for Green Construction (“MAGC”) Program as discussed in the Blended Finance Section.
