## Project Description

According to the IFC, the proposed investment comprises of a US\$ 55 million investment through a 3-year USD denominated senior loan to Siddhartha Bank (SBL), to be used exclusively for on-lending to small and medium enterprises (SMEs) in Nepal (the Project) with US\$ 5.5 million carveout for green financing. Of the US\$ 55 million, US\$ 25 million will be through mobilization.

SBL is a fast-growing commercial bank with a strong retail and small and medium enterprise segment. The shortage of liquidity in the financial sector is inherent in Nepal, and the business operations and economic activities of SMEs have been hampered by the COVID-19 pandemic. The proposed facility will assist SBL to further extend capital to the small and medium enterprise segment and contribute to improving liquidity in the financial sector and support the fast recovery of SMEs impacted by the COVID-19 pandemic, including the underserved rural SMEs. SBL is Nepal's 6th largest bank in terms of total assets and has grown organically every year in ranking, size and profitability.
