Private Actors Description

As stated by the IFC, the Project is being implemented by First Look Solutions S.A., a special purpose company incorporated in Romania, which is indirectly owned by Rezolv Energy SA (51% equity stake) and Low Carbon Limited (49% equity stake).

Rezolv was established in Luxembourg in July 2022 as an independent renewable energy producer to focus on investments in renewables in the Eastern European energy market. It is fully owned by Actis LLC through its Actis Energy 5 Fund. Actis is a leading investor in global sustainable infrastructure with about US\$12.5 billion assets under management. In January 2024, Actis signed an agreement to be part of General Atlantic, a leading global growth investor. At completion, the combined platform will have approximately \$96 billion in assets under management.

Low Carbon is a global investment and asset management company founded in 2011 and based in the United Kingdom. It is currently owned 51% by Low Carbon Group and 49% by MassMutual and managed by Low Carbon Group. MassMutual is a NYSE listed Fortune 500 company founded in 1951. Low Carbon manages a portfolio of >1.4 GW in operating renewable assets and has a current development pipeline larger than 12GW.
