Project Description

As stated by the IFC, GTLP Citi ATRI Africa project is a funded risk sharing facility with Citibank, N.A. in a portfolio of trade transactions involving financial institutions in Africa, primarily in IDA-PSW countries. Under the facility, IFC will provide up to 75% (or up to US\$200 million) of funded risk mitigation in the pool of eligible trade transactions between Citi and Emerging Market Issuing Banks in African countries, ultimately supporting the importers and exporters of essential goods throughout the continent.

Early Warning System Project Analysis

The IFC categorized the project as FI-2.

Investment Description

- International Finance Corporation (IFC)

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.
