Of the US\$56 million, US\$26 million will be through mobilization. GIBL is a fast-growing commercial bank with a strong retail and small and medium enterprise segment. The shortage of liquidity in the financial sector is prevalent in Nepal, and the business operations and economic activities of SMEs have been hampered by the COVID-19 pandemic. The proposed facility will assist the Bank to further extend capital to the SME segment and contribute to improving liquidity in the financial sector and support the fast recovery of SMEs impacted by the COVID-19 pandemic, including the underserved rural SMEs.
