Project Description

According to the Bank's website, the IFC investment consists of a green syndicated financing package with sustainability linked features of up to €500 million with a 5-year tenor for NE Property B.V. (NEPC), an existing IFC client and a wholly owned subsidiary of NEPI Rockcastle (NEPIRC or together with its subsidiaries, the Group), the largest retail property landlord and operator in Central and Eastern Europe (CEE) (the IFC Loan). The proceeds of the IFC Loan will be allocated to refinance an existing portfolio of green-certified retail assets in Bulgaria and Romania (the Project Countries), in accordance with the use of proceeds criteria and selection process described in NEPIRC's Green Finance Framework, and more specifically, used to repay the Company's outstanding Eurobond due on November 23, 2024.

Early Warning System Project Analysis

The Project is a Category B project in accordance with IFC's Policy on Environmental and Social Sustainability. Key E&S risks and impacts associated with the Project include design and construction of buildings in accordance with national construction codes and good international industrial practices, particularly related to seismic resistance and life and fire safety; and effective implementation of the environmental, occupational health and safety management plans, including construction.
