Project Description

As stated on the project disclosure page, the IFC's proposed investment is a senior, unsecured debt financing package to be processed under the INR Strategic Client Framework initiative. The proposed loan may be structured in several tranches over multiple years.

The proposed investment entails a local currency-denominated (Mexican Pesos) senior loan of up to US\$100 million equivalent in MXN to Element Fleet Management Corporation (Element or the Company) and its Mexican subsidiaries—Element Fleet Management Corporation México, S.A. de C.V., and Element Fleet México, S.A. de C.V., SOFOM, E.N.R. (Element Mexico Subsidiaries) for the acquisition of EVs (passenger cars, last-mile trucks, and vans) and investment in associated charging infrastructure (the Project).

Investment Description

- International Finance Corporation (IFC)

As stated by the IFC, the first tranche (US\$ 100 million), to be committed in the fiscal year 2025, entails an up to 5-year Sustainability-Linked Loan (SLL) with IFC providing US\$75 million A Loan and mobilizing US\$25 million. Future tranches may be committed over the next 3-5 years based on Element Mexico's capex plans and timeline.

Private Actors Description

As stated by the IFC, Element Fleet Management Corporation Mexico (<https://www.elementfleet.com.mx/>) (or the “company”) provides fleet financing and fleet management services to organizations. It optimizes fleet operations, including vehicle acquisition, maintenance, fuel management, safety, and remarketing. Element Mexico offers customized solutions to reduce costs, improve efficiency, and enhance fleet performance. While historically focused on fossil fuel-powered vehicles, Element Mexico is now dedicated to providing clients with solutions for electric vehicle (EV) adoption.
