Project Description

According to the Bank's website, IFC proposes an equity investment of up to US\$25 million in India Life Sciences Fund IV, a private equity fund (PE) fund focused on providing growth capital to small and mid-market healthcare companies across (i) pharmaceuticals; (ii) healthcare delivery; (iii) medtech; (iv) specialty ingredients; (v) animal health; and (vi) other allied areas, and together with India Life Sciences Fund IV Domestic (Domestic Fund) is targeting US\$325 million in total commitments. The Fund is expected to size its average ticket per company in the range of US\$10-50 million in 12-15 companies.

Early Warning System Project Analysis

The Fund will not invest in activities on IFC Exclusion List, coal related projects, and any higher risk activities that may include involuntary resettlement, risk of adverse impacts on indigenous peoples, significant risks to or impacts on the environment, community health and safety, biodiversity, cultural heritage, risk of significant retrenchment or significant occupational health and safety risks. The main E&S risks and impacts of this Project derive from activities of Fund's investee companies and their E&S capacity and systems in place to manage these risks as well as the fund manager's capacity to adequately assess E&S risks, require corrective actions where needed, and monitor their implementation. Overall, the E&S risk of the proposed investment is medium, and the project is categorized as FI-2 according to IFC's Policy on Environmental and Social Sustainability.
