Sucden II

Quick Facts

Countries	Ivory Coast
Financial Institutions	International Finance Corporation (IFC)
Status	Proposed
Bank Risk Rating	A
Borrower	SUCDEN Cote d'Ivoire ("SUCDEN-CI"); SUCDEN S.A.
Sectors	Agriculture and Forestry
Investment Type(s)	Loan
Investment Amount (USD)	\$ 216.48 million

Project Description

According to the Bank's website, the proposed investment is an up to €200 million syndicated term loan on a Unsecured Covenant Light basis (1-year maturity, renewable/re-committed annually, for up to 4 years in aggregate) by IFC to SUCDEN Cote d'Ivoire ("SUCDEN-CI") and its parent company SUCDEN S.A (the "co-Borrower" and, jointly with SUCDEN-CI and other subsidiaries, "SUCDEN" or the "Group") to finance the procurement and export of cocoa beans from Cote d'Ivoire (CI).

Overall, the Group expects to source around 108,000 metric tons of cocoa beans from CDI during the 2024/2025 season, with a target of 83,000 metric tons to be sourced through SUCDEN-CI, which is traceable, and the majority of which is certified against voluntary sustainability standards (VSS) and/or similar E&S requirements from SUCDEN-CI's customers. The remaining 25,000 metric tons will be sourced through other exporters.

SUCDEN-CI does not own any farms, nor is expected to own any farm as part of this financing. The supply chain of SUCDEN-CI consists of both cooperatives and intermediaries; last season out of the total 70,000 metric tons sourced, 62,110 metric tons was sourced from 90 cooperatives. The beans are sourced from smallholder farmers who are either members of those co-operatives or who sell to the same intermediaries every year. Most cocoa bean harvesting is undertaken from October to March (80 percent of the annual harvest), while the rest of it is obtained in April to September.

Early Warning System Project Analysis

This is a Category A project according to IFC's Policy on Environment and Social Sustainability (2012). Key E&S risks and issues associated with this investment are the same as those for #47216 and are: (i) The robustness of SUCDEN's E&S and Supply Chain risk assessment and implementation effectiveness of its Environmental and Social Management System (ESMS) for its direct operations (e.g., warehouses) and cocoa sourcing operations in CDI, including gender-based violence (GBV) risks; (ii) The E&S capacity/competency to ensure timely implementation of SUCDEN's Sustainable cocoa sourcing strategies up to and including September 2028 in CDI; (iii) Provision of fair and safe working conditions in line with PS2 and local labor requirements for direct workers and contractors of SUCDEN-CI; (iv) The efficacy of the risk assessment of its primary cocoa suppliers, including effective implementation of SUCDEN's Supplier Code of Conduct, risk assessment procedures of its cocoa sourcing, and annual independent verification of compliance with SUCDEN and off-takers' sustainability requirements, including avoidance of risks associated with child/forced labor, significant safety hazards (such as use of pesticides), and risks of conversion of Natural and/or Critical Habitats to farmland to be used for cocoa production; (v) The effectiveness of emergency preparedness and road safety policy and procedures; and (vi) The implementation of a Stakeholder Engagement Plan and Community Grievance Mechanism in CDI.

Investment Description

- International Finance Corporation (IFC)

An up to €200 million syndicated term loan on a Unsecured Covenant Light basis (1-year maturity, renewable/re-committed annually, for up to 4 years in aggregate).

Private Actors Description

SUCDEN S.A. and SUCDEN Cote d'Ivoire.

Sucden is an independent market leader in soft commodities and a global purchaser of cocoa from farmers and various types of farmer organisations.

ACCESS TO INFORMATION

You can submit a request for information disclosure at: <https://disclosures.ifc.org/#/inquiries>

If you believe that your request for information from IFC has been unreasonably denied, or that this Policy has been interpreted incorrectly, you can submit a complaint at the link above to IFC's Access to Information Policy Advisor, who reports directly to IFC's Executive Vice President.

ACCOUNTABILITY MECHANISM OF IFC/MIGA

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org>
