Private Actors Description

According to the IFC, GDM (or the “Company”) is a globally recognized seed company founded over 40 years ago in Argentina, specializing in plant genetics. GDM’s activities focus primarily on early-stage and advanced genetic research, trait development, and the adaptation of seed varieties to diverse agro-ecological conditions, supporting both domestic and international markets. These operations are supported by a network of owned and third-party facilities and by collaborations with seed multipliers and research partners (https://www.gdmseeds.com/).

ACCOUNTABILITY MECHANISM OF IFC/MIGA

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org You can learn more about the CAO and how to file a complaint at http://www.cao-ombudsman.org
