Project Description

According to the Bank's website, on September 17, 2025, IFC supported the 5-year social bond issuance by Georgia Healthcare Group JSC (GHG) of GEL350 million with an own account subscription of up to US\$20 million in GEL-equivalent as an anchor investor. The bond will be listed on the Georgia Stock Exchange.

The most significant expected project-level outcome lies in increasing access to high-quality oncology care in Georgia. Beyond the Project, the IFC Investment is expected to contribute to the development of Georgia's capital markets and enable increased adoption of corporate bonds including social bonds.

Early Warning System Project Analysis

This is a Category B project since as per IFC's Policy on Environmental and Social Sustainability (2012) and on this, and information reviewed by the IFC, the project will have limited adverse E&S impacts that are few, site specific and largely reversible, and readily addressed through mitigation measures and good international industry practice (GIIP).
