## Project Description

This project finances support for the Government to build a legal and regulatory platform that encourages the creation and growth of small and medium-sized enterprises, deepen economy wide reforms, and address sector specific constraints to investment generation and job creation. This includes a robust program that will support the decentralization of business startup registration, address licensing-specific constraints, further strengthen the construction sector by streamlining the permitting process, and introduce a dispute settlement mechanism to enable greater access to commercial justice.

### ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at [CAO@worldbankgroup.org](mailto:CAO@worldbankgroup.org). You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
