## Project Description

The PPP Central Unit and the Ministry of Trade and Industry is seeking a private sector partner to operate and maintain the existing Abu Tartour Port infrastructure, and to develop new industrial activities at the site. IFC will provide advisory services, which will include first conducting a detailed legal, technical, environmental & social, and commercial review of the project to determine its feasibility. If the project is feasible, IFC will develop a PPP transaction structure for government review before helping implement an open and competitive tender for the contract.

### ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at [CAO@worldbankgroup.org](mailto:CAO@worldbankgroup.org). You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
