Project Description

The Government of Senegal sought IFC and World Bank support to attract private investors to partner with in developing a PV project with an estimated capacity of 50 MW to 200 MW. The WBG assistance will cover several key areas including technical, financial and commercial due diligence, marketing and promotion, contract preparation and development of tender documents, as well as supporting the Government during the bidding process up to the award of the public-private partnership agreement.

Investment Description

- International Finance Corporation (IFC)

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
