Project Description

According to IFC website, The objective of the project is to improve productivity, increase incomes and improve quality in the agricultural sector by:

1. removing legal and regulatory obstacles to enhance the role of the private sector in providing agricultural inputs, especially seed, fertilizer and crop protection products; 2. developing quality standards for key export commodities and local food processing, and 3. developing skills related to the use of agricultural inputs and improved quality standards.

This will be achieved by: 1. Assisting the government to develop and implement seed certification and licensing regulations to enhance the role of the private sector;

2. Supporting organizational and operations to establish risk based inspections process to improve quality and user confidence in fertilizer and crop protection products;

3. Facilitating the establishment of quality standards for Myanmar's primary agricultural export crops (rice, pulses and sesame) as well as for local food processors; and

4. Developing sector specific solutions for the delivery of skills to agribusiness firms; agricultural input providers, domestic seed companies, and local food processors as a means to increase the quantity, quality and efficacy of agricultural input usage in Myanmar.

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
