### **Project Description**

This project provides advisory services to support the Palestinian Energy and Natural Resources Authority (PENRA) in attracting private sector participation for the construction and operation of 3-4 solar PV power plants with a capacity ranging between 3 and 10MW each. IFC will act as the lead avisor and conduct a legal, technical and commercial review of the project to determine feasibility, and if feasible, will develop a public-private partnership (PPP) transaction structure.

#### **ACCOUNTABILITY MECHANISM OF IFC**

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at http://www.cao-ombudsman.org/
