Project Description

The project will seek to achieve the following objectives by the end of project implementation:

- 1. Improve information on capacity and creditworthiness of smallholder farmers and coops
- 2. Build financial capability of farmers and coops
- 3. Development of Credit Assessment and Risk Management Processes

The advisory Project aims to increase the reliability and professionalism of Cameroonian farmer groups and coops through benchmarking their performance, refining their business management skills, thereby enabling their access to commercial finance for agricultural inputs.

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at http://www.cao-ombudsman.org/
