Project Description

IFC is supporting WFP to implement the Patient Procurement Program (PPP) in Rwanda. IFC will perform annual assessments to cooperatives in WFPs supply chain. The assessment will evaluate management and operational practices that will prepare the cooperatives to apply for financing which can further support its members. RABO International Advisory Services (RIAS) will be providing training on management practices and the Alliance for a Green Revolution in Africa (AGRA) will train cooperative members on agronomic practices.
By the end of the project, participating cooperatives will be able to provide additional services to their members to increase crop productivity, increase quality of products produced, access to additional markets and increase access to finance for agri inputs.

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at http://www.cao-ombudsman.org/
