Project Description

The project aims to strengthen the operational capacity of the Vietnam International Bank to provide more customer-centric services to SME clients. This will be achieved through in-depth advisory assistance in the following areas:

(i) SME Banking, with a focus on customer management:

- Defining the SME client segments to target
- Develop the customer value propositions for the target SME segment
- Enhance sales and services to the SME segment

(ii) Risk Management

- Improve the credit risk management process
- Develop an SME credit scorecard

Investment Description

- International Finance Corporation (IFC)

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
