## Early Warning System

### **Project Description**

According to the IFC website, the project aims to deepen Cleaner Production interventions, enhance sustainability and competitiveness of the sector through a programmatic approach across the entire value chain of the textile sector of Bangladesh.

The project includes three main components:

- 1. Engagement with factories and brands through advisory support to improve energy, water and chemical efficiency
- 2. Strengthen knowledge platform (Textile Technology Business Center)
- 3. Development of the necessary enabling environment for resource efficient textile production through stakeholder alignment and public-private dialogue.

## **Investment Description**

• International Finance Corporation (IFC)

#### ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at http://www.cao-ombudsman.org/
