Project Description

IFC and Syngenta Indonesia will establish the Syngenta PartnerGrow Academy program for agro-input retailers, with a curriculum of SME management and Syngenta product-specific modules. This program will be run in East Java and run for a year. The objective of this project is to increase overall performance of agro-input retailers in Indonesia. As a result, farmers will increase net income by using more (effective) crop protection products.

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at http://www.cao-ombudsman.org/
