Project Description

The Sudan Investment Climate Project seeks to support the country to improve in the areas measured by the Doing Business survey; to improve public private sector consultation and coordination through the Public Private Dialogue tool, and to stimulate reforms that would enhance private investment in key sectors such as agribusiness, thereby responding to the country’s needs to diversify the economy.

People Affected By This Project

Increased compeitiveness in general, and in selected sectors, due to reduction in the cost of doing business in Sudan.

Investment Description

- International Finance Corporation (IFC)

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at http://www.cao-ombudsman.org/
