Project Description

IFC will provide transaction advisory support to the Ministry of Health ("MoH") of the Kingdom of Saudi Arabia ("KSA") to assess the feasibility of a pilot PPP project for a network of public radiology centers located in Riyadh and the greater Riyadh region. The project is expected to contribute to improved imaging services being accessible to patients at public hospitals in the Greater Riyadh region. Additionally, more rural and remote areas will also be able to benefit from health service that is currently mainly available only in urban areas. The project will also remedy the shortage of skilled radiology experts, which exists throughout the country.

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at http://www.cao-ombudsman.org/
