## Project Description

This project will consist of five core components, and the main beneficiaries will be: (i) hospitality and tourism-linked services firms (both domestic and foreign) of different sizes; (ii) national, regional and municipal governments and related agencies; and (iii) citizens in proximity to the destinations.

The project's design reflect inputs from multiple layers of government, including MINCETUR, the regional governments of Amazonas, Piura, and Arequipa, the local authorities in Lima, Chachapoyas and Arequipa, and the private sector (through trade associations and informal surveys of tourism-linked MSMEs), including several high-profile individual investors. Geographically, the project will focus its efforts in Amazonas, Arequipa, Lima, and possibly the Piura coastal areas (depending on opportunities for support identified through a diagnostic study conducted at the outset).

### ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at [CAO@worldbankgroup.org](mailto:CAO@worldbankgroup.org). You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
