Project Description

According to bank provided information, IFC will provide high level strategic and implementation support to DFID in the following fourteen countries: Mozambique, Malawi, Zambia, Zimbabwe, Tanzania, Rwanda, Uganda, Kenya, Ethiopia, Nigeria, Ghana, Sierra Leone, Somalia and Senegal, to develop the commercial market for solar off-grid lighting and energy products.

The project consists of two components: (i) Quality assurance; and (ii) High-level strategic advisory.

COMPONENT 1: OUALITY ASSURANCE

The objective of this component is to create a foundation for the solar off-grid markets by (i) undertaking a revision of overall quality policy framework for solar home systems in-country including provision of technical support for the adoption of harmonized standards; and (ii) Development of in-country test laboratories.

COMPONENT 2: HIGH-LEVEL STRATEGIC ADVISORY

The objective of this component is to enhance the effectiveness and efficiency of the ACE program by sharing insights and best practice from the Lighting Africa/Global programs. This support falls under two (2) distinct areas: (i) Support DFID in the initial design phase; (ii) Strategic advisory role to DFID and its implementing partners over the lifetime of the ACE program.

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at http://www.cao-ombudsman.org/
