Seco Irrigation

Quick Facts

Countries	Ivory Coast
Financial Institutions	International Finance Corporation (IFC)
Status	Active
Bank Risk Rating	U
Voting Date	2018-07-23
Borrower	Government of Ivory Coast
Sectors	Agriculture and Forestry
Investment Type(s)	Advisory Services
Project Cost (USD)	\$ 1.46 million

Project Description

The program consists of Farmer Training soil water management and supplemental irrigation, delivered in three phases: 1) Training of Trainers; 2) Training of Lead Farmers by Trainers; and 3) Scale-up via Cooperatives. The Program will assist SECO to increase cotton yields in its smallholder supply chain, by improving soil water management and soil fertility. Specifically, the Program will support farmer adoption of anti-erosion practices, of measures to improve soil fertility, and of supplemental irrigation.

Investment Description

- International Finance Corporation (IFC)

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
