Project Cost (USD)	\$ 4.86 million

Project Description

The Kenya Investment Climate Project (KICP 3) is one of 3 projects under the umbrella Competitiveness Enhancement Program whose main goal is to strengthen Kenya's competitiveness and job creation potential through targeted private sector enabling interventions. KICP 3 specifically aims to strengthen the business environment, enhance efficiency and transparency and open markets in key sectors of the economy through targeted legal and regulatory improvements at national and subnational levels.

Project success will be measured through a robust monitoring and evaluation framework estimating impact in terms of direct private sector savings, investments and jobs generated, growth in business formalization, and investment enabling reforms at both levels of government.

Investment Description

- International Finance Corporation (IFC)

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
