Project Description

IFC will act as a Public Private Partnership Transaction Advisor to the Government of Cote d'Ivoire to support the implementation of grid-connected solar PV installations on an IPP basis for a total installed capacity of up to around 60 MW. The implementation of solar PV installations via private sector participation will increase access to safe and reliable power services, while reducing the average generation cost and achieving the country's target in terms of renewable energy which in turn will foster social and economic growth in Cote d'Ivoire.

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
