<b>Project Cost (USD)</b>	\$ 1.90 million

---

## Project Description

This project has four complementary components - component 1: regional investment policy and promotion, component 2: regional business regulation and regulatory quality, policy and delivery, component 3: interagency coordination and collaboration, and component 4: use of public-private dialogue for improved regional investment climate. The last two components will be cross cutting for the first two business/intervention areas. The project will be implemented/piloted in the two largest Regional States of Ethiopia (Oromia and Amhara). Depending on results and lessons from this phase, it may be expanded to other regions under phase II.

---

## People Affected By This Project

The Sub National Investment Climate project is designed with the aim to address core investment climate constraints businesses face at a regional level and thereby enhance regional business competitiveness. With its regional focus, the project aims to further maximize and deepen the investment climate reforms gained at the federal level.

### ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at [CAO@worldbankgroup.org](mailto:CAO@worldbankgroup.org). You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
