<b>Investment Type(s)</b>	Advisory Services
<b>Investment Amount (USD)</b>	\$ 1.67 million
<b>Project Cost (USD)</b>	\$ 1.67 million

### Project Description

According to bank provided information, the project's goal will be achieved via the implementation of targeted reforms aiming at the improvement of the alignment of Egypt's trade facilitation practices with the World Trade Organization (WTO) Trade Facilitation Agreement (TFA). The project will focus on assisting the government of Egypt to implement priority trade facilitation activities, clustered around several interrelated thematic areas:

(1) Regulatory and Procedural Improvements:

This component will address the key regulatory and procedural gaps related to export and import cross border processes. This should result in a more streamlined and simplified cross border process and aligned and coordinated risk-based management practice.

(2) Institutional Development and active private sector engagement:

This component will help in establishing a more coordinated institutional work between the relevant government stakeholders represented in the National Trade Facilitation Committee (NTFC).

(3) Increased Transparency and Predictability of regulatory requirements for traders:

The activities under this component aim at availing updated comprehensive information to all stakeholders, to facilitate their business activities, and enable them to comply with regulatory requirements associated with the import and export of goods. This shall help improve the investment climate for the private sector by enhancing transparency, improving efficiency and lowering costs in the external trade system. Government entities and cross-border agencies will benefit from the improved regulatory framework, and the implementation of more efficient practices. The foreseen impact of the project is to minimize the burden on the private sector, strengthen the quality and efficiency of external trade regulatory and procedural ecosystem and improve predictability in the business environment.

### ACCESS TO INFORMATION

**You can submit a request for information disclosure at: <https://disclosures.ifc.org/#/inquiries>**

If you believe that your request for information from IFC has been unreasonably denied, or that this Policy has been interpreted incorrectly, you can submit a complaint at the link above to IFC's Access to Information Policy Advisor, who reports directly to IFC's Executive Vice President.

### ACCOUNTABILITY MECHANISM OF IFC/MIGA

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at [CAO@worldbankgroup.org](mailto:CAO@worldbankgroup.org) You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org>
