<b>Investment Type(s)</b>	Advisory Services
<b>Investment Amount (USD)</b>	\$ 0.84 million
<b>Project Cost (USD)</b>	\$ 0.84 million

## Project Description

As stated by the IFC, the overall goal of the IESG Tunisia Program is to build the business case for better ESG practices, enhance ESG risk management standards in the banking sector, and improve ESG performance of select financial institutions, agribusiness and manufacturing corporates for demonstration effect. This overall goal will be achieved through three objectives:

- (1) Support the integration of ESG standards into national frameworks applicable to the banking sector and capital markets (regulatory level): the program aims to provide support to two key regulators: (a) Central Bank of Tunisia in developing Tunisia's Sustainable Finance Roadmap; (b) Tunis Stock Exchange (BVMT), in developing an ESG reporting Scorecard, a regulatory mechanism to assess and monitor ESG reports that are submitted by listed companies and encourage implementation of the ESG reporting guidelines issued by BVMT.
- (2) Building ESG market demand and local capacity (market level): the program aims to build the capacity of at least one local market intermediary to help enhance and diversify ESG training offerings, ultimately, making ESG resources and expertise for board directors/senior management available in the market. In parallel, the project will also support other market intermediaries through trainings directly building capacity of their members and member companies (no institutional capacity building for the intermediaries themselves) on how to strengthen and implement ESG practices, with a focus on the banking, agribusiness and manufacturing sectors.
- (3) Enhancing the ESG performance of upstream, pipeline and portfolio clients (firm level): the program aims to provide targeted support to IFC's pipeline and portfolio clients in FIG and MAS, and, whenever possible, to upstream clients, focusing on building their capacities and improving ESG practices.

## ACCESS TO INFORMATION

You can submit a request for information disclosure at: <https://disclosures.ifc.org/#/inquiries>

If you believe that your request for information from IFC has been unreasonably denied, or that this Policy has been interpreted incorrectly, you can submit a complaint at the link above to IFC's Access to Information Policy Advisor, who reports directly to IFC's Executive Vice President.

## ACCOUNTABILITY MECHANISM OF IFC/MIGA

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at [CAO@worldbankgroup.org](mailto:CAO@worldbankgroup.org) You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org>
