Resource Efficiency and Low Carbon Solutions for Cement in Africa

### Quick Facts

Countries	Senegal
Financial Institutions	International Finance Corporation (IFC)
Status	Active
Bank Risk Rating	U
Voting Date	2022-01-07
Borrower	Borrower not available at the time of the snapshot
Sectors	Industry and Trade
Investment Type(s)	Advisory Services
Project Cost (USD)	\$ 0.92 million

---

### Project Description

According to the Bank's website, the project will include two components:

- (1) Firm-Level work: direct advice to clients; and
- (2) Sector-level work: work with groups of firms, private and government stakeholders to increase awareness around innovative technologies and create demonstration effect from the firm-level interventions.

The team will support cement manufacturing facilities in (i) developing and implementing resource efficiency and low-carbon solutions throughout the cement value chain, including in sourcing of raw inputs, clinker manufacturing, grinding and output of the final product, and production of cementitious materials, and/or (ii) shifting to cleaner, low-carbon alternative fuels and raw materials. The solutions may include thermal and electric energy efficiency, waste heat recovery, and use of alternative waste-derived fuels.

---

### People Affected By This Project

The overall project objective is to support cement manufacturing facilities in Africa to reduce their operational costs and their carbon footprint by implementing resource efficiency solutions and/or increasing the use of cleaner alternative fuels/raw materials.

### Contact Information

No contact information provided at the time of the disclosure.

### ACCESS TO INFORMATION

You can submit a request for information disclosure at: <https://disclosures.ifc.org/#/inquiries>

If you believe that your request for information from IFC has been unreasonably denied, or that this Policy has been interpreted incorrectly, you can submit a complaint at the link above to IFC's Access to Information Policy Advisor, who reports directly to IFC's Executive Vice President.

### ACCOUNTABILITY MECHANISM OF IFC/MIGA

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at [CAO@worldbankgroup.org](mailto:CAO@worldbankgroup.org) You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org>
