## **Project Description**

The Project's key objective is to strengthen Vietnam's supply chains targeting the Electrical & Electronics manufacturing sectors with key interventions through the following two main components:

- 1. Upgrading suppliers and enabling adoption of digital transformation (DT):
  Building on the success of the pilot Supplier Development Program, the project will continue to support the MOIT and its subordinating agencies Vietnam Industry Agency and Industrial Development Center in supplier development with a focus on the E&E sector, including advanced supplier upgrading to climb value chains and undergo DT to improve efficiency.
- 2. Developing e-waste policies and regulations to support E&E supply chain sustainability:
  The project will provide technical support the Ministry of Natural Resources and Environment (MONRE) in formulating a regulatory framework and establishing standards for e-waste management, including draft e-waste related Extended Producer Responsibility (EPR) provisions of a Decree guiding the 2020 Environment Law and secondary legislation detailing regulations related to e-waste. The Project will also support MONRE and the EPR office to implement the e-waste regulations, through Public Private Dialogues that provide private sector policy feedback to the government in this area.

### ACCOUNTABILITY MECHANISM OF IFC/MIGA

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org You can learn more about the CAO and how to file a complaint at http://www.cao-ombudsman.org
