Vietnam Enabling Supply Chains

Quick Facts

Countries	Vietnam
Financial Institutions	International Finance Corporation (IFC)
Status	Active
Bank Risk Rating	U
Borrower	Government of Vietnam
Sectors	Industry and Trade, Law and Government
Investment Type(s)	Advisory Services

Project Description

The Project's key objective is to strengthen Vietnam's supply chains targeting the Electrical & Electronics manufacturing sectors with key interventions through the following two main components:

1. Upgrading suppliers and enabling adoption of digital transformation (DT):

Building on the success of the pilot Supplier Development Program, the project will continue to support the MOIT and its subordinating agencies – Vietnam Industry Agency and Industrial Development Center – in supplier development with a focus on the E&E sector, including advanced supplier upgrading to climb value chains and undergo DT to improve efficiency.

2. Developing e-waste policies and regulations to support E&E supply chain sustainability:

The project will provide technical support the Ministry of Natural Resources and Environment (MONRE) in formulating a regulatory framework and establishing standards for e-waste management, including draft e-waste related Extended Producer Responsibility (EPR) provisions of a Decree guiding the 2020 Environment Law and secondary legislation detailing regulations related to e-waste. The Project will also support MONRE and the EPR office to implement the e-waste regulations, through Public Private Dialogues that provide private sector policy feedback to the government in this area.

Investment Description

- International Finance Corporation (IFC)

Contact Information

Project contacts not available at the time of disclosure.

ACCESS TO INFORMATION

You can submit a request for information disclosure at: <https://disclosures.ifc.org/#/inquiries>

If you believe that your request for information from IFC has been unreasonably denied, or that this Policy has been interpreted incorrectly, you can submit a complaint at the link above to IFC's Access to Information Policy Advisor, who reports directly to IFC's Executive Vice President.

ACCOUNTABILITY MECHANISM OF IFC/MIGA

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org>
