## Project Description

According to the Bank's website, IFC will support participating superintendencies of the Central American Council of Superintendents for Banks, Insurance and Other Financial Institutions (CCSBSO) in the creation and development of a green taxonomy guide. The green taxonomy guide is expected to lay the foundation for regulators in Central America to incentivize green financing and inform green financing frameworks for the financial sector.

Additionally, IFC will work with financial institutions on the identification of green portfolios aligned with this taxonomy.

## ACCOUNTABILITY MECHANISM OF IFC/MIGA

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at [CAO@worldbankgroup.org](mailto:CAO@worldbankgroup.org) You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org>
