Project Description

According to the IFC, the project will achieve its goal through two measurable objectives:

Objective 1: Firm-level support to improve food safety and prevent food loss and waste among agribusiness firms, retail clients, and their suppliers. Use advisory as a lever to improve the performance and efficiency of agribusinesses and retail clients by reducing the risk profile, food loss and waste, operational costs, the environmental footprint, increasing sales revenues and access to finance.

Objective 2: Sector-level work to improve an enabling environment to address issues related to food safety and prevent food loss and waste by building the capacity of regulators in line with international best practices on food safety and food loss and waste reduction, by developing training and thought leadership materials across the World Bank Group and with key global stakeholders. The project will also work to close gender gaps in the value chains and address gender issues around skills, knowledge and capacity building across stakeholder groups.

If you believe that your request for information from IFC has been unreasonably denied, or that this Policy has been interpreted incorrectly, you can submit a complaint at the link above to IFC's Access to Information Policy Advisor, who reports directly to IFC's Executive Vice President.

ACCOUNTABILITY MECHANISM OF IFC/MIGA

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org>
