Project Description

As stated by the IFC, the objective of the Project is to introduce private sector participation on competitive basis to the energy distribution sector of Uzbekistan. Successful implementation of the Project is expected to result in the mobilization of private sector investment and expertise in implementation of energy distribution projects in the country.

Specifically, IFC's PPP Transaction Advisory Services Unit will assist the Government of Uzbekistan in structuring and implementing a PPP transaction for the energy distribution sector. The PPP contract(s) will include, but not be limited to, financing the CAPEX requirements, operating and maintaining the distribution system operator, and improving its technical efficiency. IFC will apply two-phased transaction implementation approach. In Phase 1, IFC will carry out due diligence analysis of the project, assessment of investors' interest, and transaction structuring. In Phase 2, IFC will draft the tender documents and support the Clients in implementation and conclusion of the tender process.
