Project Description

According to the IFC, this engagement provides advisory support to strengthen financial institutions' capacity to assess and develop agricultural lending solutions with climate-smart and agri-tech considerations.

The work focuses on analyzing agricultural portfolios, assessing climate-related risks and opportunities, and identifying potential market segments for CSA-oriented products.

In this diagnostic phase, BANHCAFE has been identified as a key client.

Key activities include:

- Reviewing lending frameworks and credit assessment practices in relation to CSA principles.
- Identifying opportunities for tailored CSA financial solutions and potential pilot initiatives.
- Mapping market needs, value propositions, and possible partnerships to support CSA lending.
- Supporting initial capacity building for staff on CSA concepts, risk assessment, and product approaches.
- Future IFC ESG advisory could be considered if a related investment moves forward.

The outcomes of this diagnostic phase will provide strategic insights to guide the development of CSA-focused lending solutions, strengthen institutional capacities, and promote climate-resilient agricultural finance, primarily in Honduras but with potential regional relevance.

ACCOUNTABILITY MECHANISM OF IFC/MIGA

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org>
