Quick Facts

Countries	Colombia
Specific Location	Antioquia
Financial Institutions	IDB Invest (IDBI)
Status	Active
Bank Risk Rating	A
Voting Date	2018-03-27
Borrower	DEVIMAR
Sectors	Construction, Infrastructure, Transport
Investment Type(s)	Loan
Investment Amount (USD)	\$ 166.38 million
Loan Amount (USD)	\$ 166.38 million

Project Description

This project provides financing for the construction of 41 bridges and 1 tunnel on 76km of highway located in Antioquia. In addition to other parts, components include:

- a) Improvement of the existing construction and construction of a second lane in the Medellin - Santa Fe section in Antioquia (33 km)
- b) Construction of the 5 kilometer second tube of the Western Tunnel
- c) Rehabilitation of the Bolombolo - Santa Fe section in Antioquia (62 km)

The project starts at Western Fernando Gómez Martínez tunnel, passes through the municipalities of Medellín, San Jerónimo, Sopetrán, and Santafé in Antioquia and continues on until reaching Cañasgordas and Salgar in western Antioquia.

ACCOUNTABILITY MECHANISM OF IIC

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
