## Project Description

The Inter-American Investment Corporation (IIC) is considering providing a loan to Envision Energy to support the construction, operation and maintenance of four wind farms in Argentina for a total installed capacity of approximately 185 MW, and its associated transmission lines, related civil engineering works, access roads, substations, and control stations (the “Project”). The windfarms are the following:: (i) the Garcia del Rio Wind Project (10 MW) to be located in the Bahia Blanca Department in the Province of Buenos Aires; (ii) the Vientos del Secano Wind Project (50MW) to be located 60 km to the south of Bahia Blanca city in the Province of Buenos Aires; (iii) the Los Meandros Wind Project (75MW) to be located 30km northeast of the Cutral Co city, in the Neuquén Province; and (iv) the in Cerro Alto Wind Project (50MW) to be located in the Pilaniyeu department in the Province of Rio Negro.

## ACCOUNTABILITY MECHANISM OF IIC

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
