Investment Amount (USD)	$ 30.00 million

Project Description

The proposed financing consists of a committed annual revolving line to Agrofertil S.A. for up to US$30 million, with a term of up to four years. The company will use these funds to purchase agricultural inputs that will sell later to producers with financing terms of up to 360 days, seeking to replace suppliers' credit lines that today grant maximum terms of up to 180 days.

The proposed credit line would be IDB Invest's fifth operation with Agrofertil. The first was in 2005 (US$2 million), the second in 2008 (US$2 million), the third in 2010 (another US$5 million) and the fourth and current operation was in 2015 (US$6 million with a balance of US$3.6 million).

ACCOUNTABILITY MECHANISM OF IIC

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
