### Private Actors Description

FirstRand Group, South Africa-based, is one of the largest pan-African financial institutions in terms of total assets with operations in ten countries in Sub Saharan Africa. Its subsidiary banks outside of South Africa are required to maintain reserves at the central banks in their respective jurisdictions, based on the volume of customer deposits that these subsidiaries have. Mandatory reserves contribute to FirstRand Group's overall risk-weighted assets (RWA) at the consolidated level, consuming a level of capital that could otherwise have been deployed in productive assets.
