Project Description

According to bank provided information, on October 21, 2024, The Multilateral Investment Guarantee Agency ("MIGA") a member of the World Bank Group, issued a Non-Honoring of Financial Obligations by a State-Owned Enterprise ("NHFO-SOE") guarantee to Tanger Med Port Authority ("TMPA"), a Moroccan state-owned enterprise in charge of the management and development of the Tanger Med Port Complex ("TMPC") located in the Strait of Gibraltar. TMPA is the leading container port in Africa and the Mediterranean benefiting from a strategic location with direct maritime connections across the globe. TMPC is the leading container port in Africa and the Mediterranean benefiting from a strategic location with direct maritime connections of more than 180 ports and 70 countries. It has consolidated its leading position as the number one port in Africa and the Mediterranean with global throughput of over 100 million tons and over 7 million containers Twenty-Foot Equivalent Units (TEUs).

TMPA embarked on a EUR650 million investment plan mainly focused on extending the capacity of its passenger and truck terminal and modernizing its zone of imports. To this end, it raised EUR400 million of debt. While the MIGA backed facility accounted for EUR203 million of the total debt, IFC provided the remaining balance of EUR197 million from its own account as well as its Managed Co-Lending Portfolio Program (MCP). The remainder of the CAPEX will be funded through equity contributions. MIGA's cover to J.P. Morgan Chase and participating banks (Caixa bank and Commerzbank) has a tenor of up to 15 years against the risk of NHFOE, covering up to 95% of TMPA's payment obligations under the facility agreement.
