## Project Description

According to the bank website, "MIGA issued guarantees of \$7.52 million in total to cover: (i) an equity investment from Rikweda Trading DMCC of the United Arab Emirates (UAE) of up to \$5.15 million on June 25, 2018 for 10 years; and (ii) a loan guarantee from Mr. Mase Rikweda of the United Kingdom of up to \$2.38 million on March 20, 2019 for 5 years against the risks of war and civil disturbance.

The greenfield project involves the establishment and operation of a raisin producing and processing plant, namely Afghan Process Company, located in Kabul, Afghanistan. The plant will have a 15,000 tons per annum processing capacity. The project will directly procure raisins from approximately 3,000 smallholder farmers and middlemen, and the processed raisins will be exported to Eastern Europe and Central Asia. Afghan Process Company was formed in 2014 to specialize in the agricultural and horticultural development of Afghanistan's raisin production and processing sector."
