### Project Description

As stated by the MIGA, this summary covers an application by Globeleq Africa Limited (GAL) for its equity and quasi-equity investments in Central Eléctrica de Teterane, S.A. (CET), a renewable energy project in Mozambique. GAL is seeking cover for up to USD 8.32 million for CET against the risks of transfer restriction and breach of contract for a guarantee period of up to 20 years.

CET is an operating power station of in the Cuamba district, Niassa Province in Northern Mozambique, comprising a solar photovoltaic facility with a generation capacity of 18.75 MWp (15 MWac) and a battery storage facility of 1.86 MW/ 6.7 MWh. The power plant reached commercial operation date in September 2023 and supplies electricity through a 25-year power purchase agreement with EDM. CET is the first IPP in Mozambique to integrate a utility-scale Battery Energy Storage System (BESS) which enables energy generated from the plant to be flexibly deployed at peak demand times and enhancing network resilience.
