MIGA-3548

Project Description

The proposed Projects entail the construction, ownership, operation and maintenance of two solar energy generating facilities, with a capacity of 5MW each, in the Omaheke region in Namibia. The electricity output will be sold to the Namibia Power Corporation (Pty) Ltd under a 25-year Power Purchase Agreement. Both Projects were awarded through the Renewable Feed in Tariff Program. The expected development impact from the Projects include: (i) diversification of Namibia's energy mix; (ii) contribution to increased generation capacity in Namibia; (iii) reduction of carbon emissions by producing green, emission-free electricity; (iv) promotion of employment and skills development during construction and operation and; (v) providing positive demonstration effects for solar development in Namibia and neighboring countries. The proposed project is aligned with MIGA's priorities of facilitating investments that address climate change.

ACCOUNTABILITY MECHANISM OF MIGA

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at http://www.cao-ombudsman.org/
