#### **Project Description**

According to the NDB, the proposed Loan will enable the Borrower to expand its financing for sustainable infrastructure development. This is expected to contribute towards (i) increasing the installed sources of renewable energy (i.e. rooftop solar panels to cater to local renewable energy needs), (ii) rehabilitation of surface water bodies and comprehensive improvement of water environment, and (iii) construction of transport infrastructure (i.e. smart parking with charging facilities for electrical vehicles).
