Project Description

As stated on the project disclosure page, NDB is providing the loan to City Bank Plc for on-lending to private sector sub-borrowers for financing investments in sustainable infrastructure projects in clean energy and energy efficiency, transport infrastructure, and digital infrastructure sectors in the country.

The objective of the Loan is to promote infrastructure investments in Bangladesh by providing financing to the private sector. This is in line with Bangladesh's Vision 2041 which has outlined the need to accelerate private sector investments in infrastructure to bridge the gap. Through the Loan, NDB will support City Bank's contribution towards this strategy and increase its investments in projects aligned with the Paris Agreement.

Investment Description

- New Development Bank (NDB)

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.
